

CASALE PANAYIOTIS

Kalopanagiotis, Cyprus

“It was not my intention to start a business; it was to revive a village” (John Papadouris)

1

Casale Panayiotis enjoys a dramatic location in the heart of the ancient mountain village of Kalopanagiotis, in the shadow of one of the finest Unesco medieval sites on the island, the Agios Ioannis Lambadistis monastery. Cyprus's capital, Nicosia, and the island's closest airport at Paphos are around an hour's drive away each.

Discover village life in Cyprus through a luxury hotel resort and spa retreat: wander the trails, relax in the award-winning spa, eat and drink like a local. Embedded throughout the village, each of our 43 guest rooms were once village homes. Now all have been lovingly restored to retain the original character and charm for each house while also showcasing uniquely Cypriot style with a luxury finish. The restoration of a handful of stone cottages into a luxurious spa retreat doesn't get much better than this. Add a location in the verdant Marathasa Valley and the owners' commitment to preserving local culture, and a stay here provides an appealing slice of Cypriot life. A Picture is worth a thousand words...

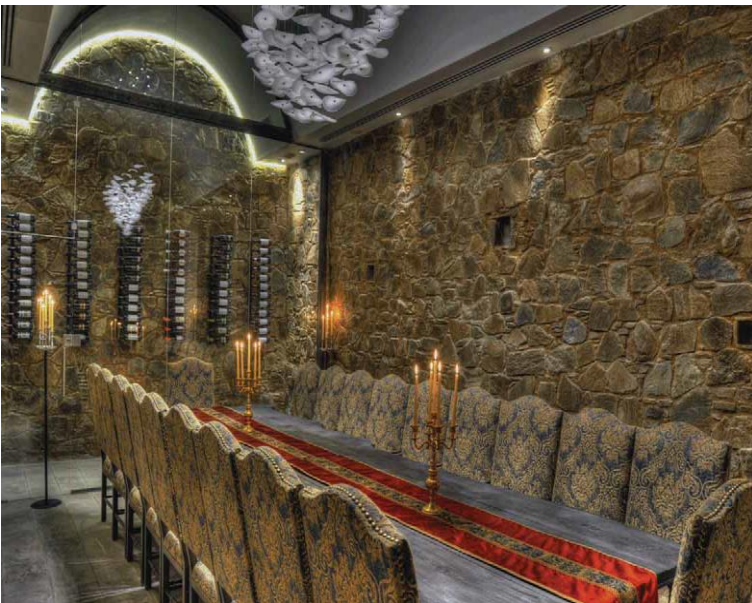

This is a place where you wake, enjoy a leisurely breakfast and then head off to explore the local nature trails and historic sites, rounding off the day with a luxurious spa treatment, a gourmet meal with a glass of fine wine.

A decade or so ago, its owner, distressed that his childhood village was in decline as young residents moved away to work in the city, set about an ambitious renovation project. The result is this gorgeous retreat. Rebalance with natural treatments inspired by the historic spa village of Kalopanayiotis and its healing sulphur springs.
