DAY 5: MILOS THE ISLAND OF THE DIVINE BEAUTIES

- Named after the Saracen pirates who once used it as a hideout, Sarakiniko Bay is a coastline wilderness at its most alluring.
- The Fanara Cave is impressive not just because you can sail into it, but because its roof has collapsed, allowing the sun to give the water an amazing blue color.
- Perhaps the most famous village on Milos island, Klima, is as picturesque as it is colorful.

The excursion starts from the new port of Santorini (Athinios).

- Our first destination will be the famous volcano of Santorini!
- After 20 minutes sailing, we reach **NEA KAMENI**'s jetty.
- Walk to the volcano's ridge with your guide and learn everything about the history and the geology of the volcano.
- Stay duration at the volcanic island: 1.5HR.
- Board back to ship.

- Our next stop will be the island of **PALEA KAMENI**, known for its thermal waters. The famous hot springs are located on the west side.
- Stop there for 30min, at a distance of 30 meters from the shallow waters of **AGIOS NICHOLAOS' BEACH**.
- Waters are mixed with mud, full of sulfur, iron and other metals emanating from the volcano; used to treat skin, rheumatism, arthritis and other physical pains.
- Sailing above the underwater craters from **Palia Kameni** to **THIRASIA ISLAND**, will anchor close to the island in order to enjoy your dinner.

- The end of the excursion comes on sunset time. Aphrodite sets sails and the sun dives to the sea in the northernmost part of the island. Our boat will stop very close to **OIA VILLAGE** where you will have the chance to watch the warm light of the setting sun under the violet sky before the night falls. This is the most unforgettable experience as the *Caldera and the village of Oia will turn into gold color.*
- This sailing experience ends at Athinios port. After disembarkation, transfer to your hotel's meeting point.
